

# On-Farm Food Safety Reminders

**Do not touch produce when you are sick.**

**Wash your hands using soap often and before picking vegetables, after breaks, and after using the toilet.**

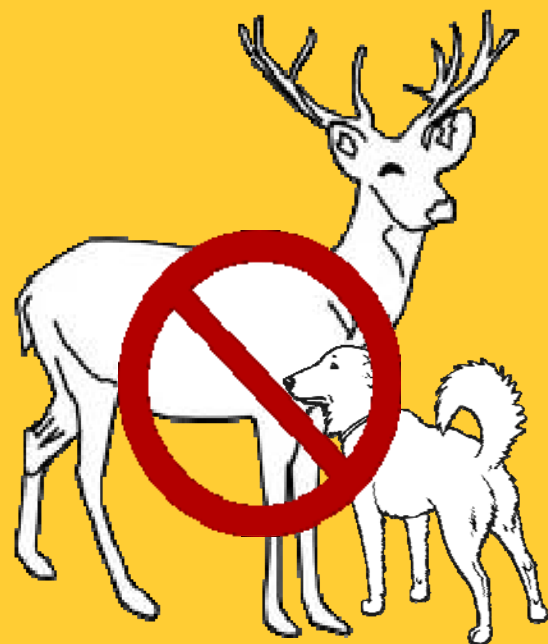

**Always use a toilet. Do not use the field as your toilet.**

**Only use harvest containers that are clean and not broken or cracked.**

**Only use water you can drink to wash vegetables. Change water when it is dirty. Use bleach or sanitizer in the water.**

**Keep animals out of the garden and field.**
